BIOSTEP[®]

Collagen Matrix Dressings

Step up the healing process

BIOSTEP[®] Matrix is a unique collagen dressing that allows you to overcome barriers to wound closure while maintaining an optimal moist wound environment.

The next generation collagen dressing

BIOSTEP[◇] Matrix removes barriers to healing and facilitates wound closure

Unique dual action¹

Targets and deactivates excess MMPs^a, the enzymes that degrade proteins, to optimize wound closure

Longer lasting²

Six-day wear time for prolonged control of the wound environment
Nearly double the wear time of other collagen dressings

Moisture management³

Maintains optimal moisture balance for wound closure

Easy to use

Highly conformable dressing is easy to apply

Patient friendly

Gelling action provides a cooling, soothing effect for enhanced patient comfort

Antibacterial activities of silver^b

BIOSTEP[◇] Ag Minimizes infection recurrences when infection risk factors are present

Speak to your Smith & Nephew representative today to arrange samples for evaluation.
